In our business we need not only strong relationships with our clients, but also strong relationships with established insurers. To ensure that we continue to have access to financially strong, reliable, and stable insurance markets, we work with each to provide the type of business they desire. The Insurers noted above with an asterisk recognize our efforts through a Contingent (Profit) Commission contract. Payment of this Contingent (Profit) Commission depends on one or more of the following: growth; profitability (loss ratio); volume; retention; and increased services that we provide on behalf of the Insurer. Contingent (Profit) Commission is not guaranteed. For detailed information on Contingent (Profit) Commission, please go to the individual company's website.

Your Insurer will be providing you with a Consumer Code of Rights and Responsibilities, which will be forwarded to you with your policy. If you have any questions regarding this or any other aspect of your insurance, please contact us.
